

Non-Residential Prescriptive Program

FAQs for Self-Install Projects

• What is Dominion Energy's Non-Residential Prescriptive Program?

The Non-Residential Prescriptive program provides incentives for energy efficiency improvements made in your customer's facility. Some of the available measures include duct testing and sealing, HVAC system tune-up, and upgrades to refrigeration systems and commercial kitchen appliances.

• What are the benefits to your facility?

The energy efficient improvements offer many benefits including:

- Properly sealed duct and air distribution system can eliminate hot and cold spots in your facility
- Efficient heating and cooling systems can provide a more comfortable working environment for your employees and customers
- Efficient refrigeration system and kitchen appliances can reduce energy use and save you money in the long run

• What is the rebate amount that I will earn?

Qualifying non-residential customers will receive a rebate based on the equipment they install. Rebate information is available at DominionEnergy.com.

• What are the measures that are applicable for a self-install?

Customers are able to perform a self-install for the following measures:

- ENERGY STAR® Certified Appliances (All listed in Measure 2 in the Rebate Chart)
- Commercial Freezer and Refrigerator Doors (Measures R1 to R16)
- Ice Makers (All listed in Measure 4)
- Advanced Power Strips (All listed in Measure 5)
- Vending Machine Misers (All listed in Measure 8)

• How do I apply?

Check Project and Equipment Eligibility

Download the rebate application for the Non-Residential Prescriptive Program and review all Terms and Conditions carefully to confirm your eligibility to participate. Visit DominionEnergy.com to view the full list of qualifying measures. Only measures listed in the previous question are applicable for a self-install.

Submit an Initial Assessment to Reserve Funding

An initial assessment is required for all projects. Contact us at DSM6RebateApps@Honeywell.com to request an initial assessment. Wait until your assessment is approved before starting your project. You will receive a confirmation stating your project has been approved and the amount of rebate incentive reserved.

Install Equipment or Perform Project Work

The incentive reservation allows 180 days to complete your project. You can only submit a rebate application after the project is complete. Contact us if you think your project will require more than 180 days.

Submit a Rebate Application

Submit a rebate application with a copy of the dated invoice for any product purchased within 45 days of the service date. Product specification sheets must also be submitted for measures installed for any ENERGY STAR® Certified Appliances (Listed in Measure 2) and Commercial Freezer and Refrigerator Doors (Measures R1 to R16).

Send the rebate application to DSM6RebateApps@Honeywell.com. You may be contacted for a post-installation quality assurance inspection to verify that your application meets program guidelines.

Receive Incentive Payment

When your rebate application is approved, a rebate check will be mailed to you.
