*For more information, please call 1-888-366-8280. The program is available until fully subscribed. Rebate amounts are subject to modification without notice, and measure installations must be complete before rebates will be paid. Only the measures listed in the chart are eligible for rebates. Air Sealing must be performed prior to installation of Insulation measures, consistent with BPI standards. Air Sealing is not eligible if applying for a rebate for the Door Weatherstripping, Door Sweep, Caulking, Foaming or Poly Tape measures. Your contractor may recommend additional energy saving measures, but only the ones listed in the chart should be included in your rebate application. Fuel switching is not permitted within the rebate program.
