6. Work must be completed by a participating contractor that is in Dominion’s network for this Program when the work begins.
7. Dominion and/or its designees including Program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all Program requirements. Such reviews will be made at a time convenient to the applicant. 9. The Customer understands that they may be contacted by Dominion via survey or questionnaire to provide feedback regarding Customer satisfaction with the Program.

Process and Payment

1. Customer must complete the Customer Eligibility Form prior to completing a Program audit. The audit must be conducted by a participating contractor within 75 days after program participation is reviewed and confirmed.
2. Customer may be eligible to receive reimbursement to cover a portion of the audit cost if the minimum criteria are met. Additionally, all projects recommended in the audit must be completed within 12 months in order to be eligible for project incentives.
3. An initial assessment must be completed and submitted for all projects before the work can be initiated.
4. Once the project has been reviewed, Customer will receive an Application Packet confirming that the project has been reviewed with the amount of rebate incentive reserved. Project eligibility and incentive amounts cannot be guaranteed until the project is completed.

6. Rebate application must be submitted within 45 days of the service date. It is the Customer's responsibility to assure that all requirements of the rebate are met. Failure to provide any of the required information will delay application processing and could result in non-payment.
7. When the application is approved, a rebate check will be mailed to you or the participating contractor. Reimbursement for the audit, if applicable, will also be included.
8. Rebate payments are based on the date of service. Customers must abide by the rules and rebate levels in effect on the date of service.
9. Payment will be issued to the account holder and mailing address on record with Dominion unless the Customer has authorized in writing that payment be made to the contractor specified in this document.
10. Please allow up to 90 days from the date all required information is received to process your rebate.
11. Customer is urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
12. The customer understands that through participation in this energy conservation program and receiving a rebate, they are ineligible to opt out of energy efficiency riders for a period of three years following their year of participation.
